It's our business to deliver yours

TNT POST in the SOUTH WEST

TNT Post's newest regional office provides a quick and cost effective postal service alternative for SME businesses in the South West of England and South Wales. Our service offering allows SMEs in the region to benefit both commercially and operationally from full market liberalisation.

Local customers will benefit from a strong brand with over 200 years experience in the postal services market and the financial backing and resources that come from being part of a 10.1 billion Euro global organisation.

This is underpinned by a strong team of talented local individuals who will support your business and provide a flexible, customer focused approach to delivering quality of service on your behalf and helping deliver significant savings to your bottom line.

We will provide improved account management, operational flexibility, commercial savings and a low risk change from a traditional supplier to the leading challenger in the market place. Nationally, our customers include Barclays Bank, BSKyB, Lloyds Bank, BT, HBOS, Telewest and Centrica.

Members of the South West team

Our range of products and services will help deliver a workable mail solution and meet your needs. Services include:

PremierSort Flex - A 2 to 3 day service for unsorted business mail with 'final mile' delivery to your consumer customers by Royal Mail. PremierSort Flex is ideal for small and medium sized organisations sending lower volumes of unsorted letters.

Premier - A 2 day business service for pre-sorted bulk mail with 'final mile' delivery by Royal Mail.

TNT Post in the South West intends to launch its own End to End delivery service during the fourth quarter of 2007; this will add further levels of commercial control, service delivery and alternative options for the customer.

Trevor Murphy, Managing Director of TNT Post's business in the South West, states the organisation's mission is to "provide businesses in the Region with a strong brand, a quality service offering and a team of committed local people that will endorse the TNT reputation for delivering quality and value for money".
